Discover Dulux®'s specification
support and trusted product offering
for commercial construction projects

duluxconstructionsolutions.co.nz

At Dulux®, we create market-leading products that protect, maintain and enhance the spaces and places in which we live, work and play.

We're proud to be home to some of Australia and New Zealand's most recognised and trusted brands, including *Dulux*, *Selleys*®, *Yates*®, *Dominator*®, *Garador*™, *Fosroc*, *Avista*®, *Porter's Paints*® and *Cabot's*®.

Quality and innovation are fundamental to our business. Our world-class chemists, technologists and product development specialists ensure we continue to be first-to-market with products and ranges that anticipate and respond to emerging construction, building and maintenance requirements.

Dulux has supported consumer, specifier and applicator customers to bring their visions to life for more than 100 years. From inspired colour schemes and textures that transform homes and commercial spaces to industrial coatings that protect landmark infrastructure across our communities, we've helped millions of customers to imagine a better place.

Dulux Construction Solutions

Dulux partners with architects, interior designers, builders and engineers to deliver first-class construction outcomes. Our respected range of premium products and unmatched technical expertise allows us to provide end-to-end support to the design and construction sector.

Dulux Construction Solutions helps you design and build with confidence. Created to provide specifiers with the tools, information and guidance they need to realise their projects' potential, it lets you access all Dulux product solutions in one convenient place.

Dulux Construction Solutions is your one-stop-shop for sourcing technical advice, physical swatches and samples, and assistance with product specification or problem solving. Find the best solution for your project with comprehensive product information, expert technical support, and the ability to order samples when you need them.

Backing the Experts™

At Dulux®, we leverage our deep expertise to support architects, interior designers, builders and engineers to design and build with confidence.

“We’re here to help our partners to imagine and create better places and spaces to live, work and play.”

Philip Vodanovich
National Commercial Manager

More than 100 years of experience across Australia and New Zealand and an unrelenting focus on quality and innovation allows us to back the experts with premium products, industry-leading service and trusted end-to-end advice.

Quality

Our products are formulated using advanced chemistry and science to deliver highly technical construction solutions that exceed expectations.

Reliability

Our solutions offer proven and reliable performance, giving you the confidence of straightforward application and the high level of protection required.

Transformation

Our coating solutions offer colours, patterns, textures and finishes that transform surfaces while providing long-lasting durability.

Expertise

Our responsive team provides specialist product support, technical assistance and expert problem solving when and how you need it.

The Dulux® Difference

The design and construction world is notoriously fast-paced. Timelines are short, project scopes are ever-changing, and clients have increasingly high expectations.

As an experienced specifier, you know how to deliver quality outcomes on time and on budget. But occasionally, an unusual project or client request will call for a highly technical or bespoke solution.

When faced with a non-standard project or unique challenge, specifiers need to make the right decision, fast. They need fit-for-purpose samples and products that make sense from an aesthetic and functional perspective, backed by responsive customer service and expert technical advice.

Dedicated to meeting the needs of the specifier market, *Dulux Construction Solutions* delivers the quality you need with fast, accurate and comprehensive project support.

1. Quality reassurance

Quality is at the heart of *Dulux Construction Solutions*, from our product technology, to our manufacture, distribution, service and specification support.

2. Technical experts

Our specifier support team are product experts with a deep understanding of solutions required for the sectors we serve.

3. Colour and product samples

You can order from our extensive range of *Dulux Colours of New Zealand®*, *Dulux World of Colour*, *Specialty Finishes*, *Dulux Powder coatings*, timber, texture and more.

4. Problem solving

Projects can face many challenges. We can help you to choose the right solutions for your project, either over the phone or on site.

5. Online resource

The *Dulux Construction Solutions* online resource is your one stop shop for access to data sheets, specification tools, advice and support.

Our Brands

Dulux® brands have been trusted for generations.

Dulux Interior and Exterior Paints

From Wash&Wear® to Professional SteriGuard®, our high-performance paints and coatings are tailored to meet the New Zealand market's unique needs. *Dulux* paints offer standout results across an extensive range of more than 1000 colours from the *Dulux Colours of New Zealand®* range.

Dulux Powder Coatings

Dulux offers a wide range of premium powder coatings in Australia and New Zealand. Its extensive range of standard and custom architectural coating solutions are backed by extensive testing that ensures exceptional product performance and durability.

Dulux Protective Coatings

Dulux Protective Coatings offer high-performance protection for metal and concrete assets including buildings, infrastructure, facilities, plant and equipment. Our tailor-made coatings and maintenance systems ensure your assets are effectively protected, even in the most demanding conditions.

Dulux Avista® Concrete Coatings

Dulux Avista offers professional decorative concrete solutions for new and existing concrete areas. Suitable for indoor and outdoor applications, our decorative surface products add colour, texture and patterns to driveways and concrete spaces in commercial projects.

Dulux Acratex® Coatings and Cladding

Dulux Acratex provides high-build facade coating systems for residential and commercial projects. Designed with the New Zealand built environment in mind, *Dulux Acratex* render coatings and external cladding solutions add style, protection and durability to diverse construction and maintenance projects.

Specialized Construction Products

As a New Zealand-based manufacturer, Specialized has a clear understanding of the demands of tomorrow's buildings and the diverse weather conditions our buildings face. The cladding and plastering products that have been designed and developed, including several BRANZ appraised systems, provide the very best in cavity-based building envelope solutions for New Zealand conditions.

Fosroc Construction Solutions

Fosroc delivers world-class solutions for a broad range of above or below ground construction and maintenance projects including waterproofing, concrete repair, grouts, sealants, protective coatings and industrial flooring.

Porter's Paints® Decorative Finishes

Porter's Paints decorative finishes combine the latest technology with traditional methods and the finest raw materials to provide a superior finish. From modern paints to lime and cement-based products and reactive metallic finishes,

Dryden® Wood Oil Solutions

Dryden provides a range of premium wood oil solutions for timber. There is also a comprehensive range of specialist cleaning and coating products for a variety of applications.

Intergrain® Timber Finishes

Intergrain's High Performance Timber Finishes include a range of premium stains, oils, clear finishes and flooring clears, which are easy to apply and deliver a professional finish that preserves, protects and enhances timbers natural beauty.

Dominator® Garage Door Systems

The Dominator brand has pioneered a new standard in commercial and residential garage door systems. This standard is proudly represented in the latest range of Dominator garage doors and automatic openers. From the revolutionary Dominator automatic openers, through to the vast and ever-increasing range of garage doors, Dominator can provide the styling, security and reliable performance that all residential and commercial property owners need.

Garador™ Garage Door Systems

Garador provides a wide range of garage door styles, colours and finishes for customers to select from – all smart, stylish & secure. Since 1962, Garador has been in the business of residential and commercial garage doors. With the biggest nationwide Dealer network and a dedicated transport fleet, Garador covers New Zealand and back up products with expert, reliable service that continues to stand the test of time.

Admil Sealants and Adhesives

Admil has a range of sealants and adhesives for the construction market including 100% silicone sealants, industrial grade sealants, polyurethanes and construction sealants.

Selleys® Adhesives, Sealants and Fillers

Selleys has a specialised product range of market leading products for the trade. With a breadth of clever solutions in sealants, adhesives, fillers, paint preparation and application, household cleaning, and automotive care products. Selleys always strives to prove its slogan true, "If it's Selleys, it works."

Our Segments

Dulux® supports specifiers across a range of market sectors with best-in-class products and support.

Multi Residential

Enhance and protect projects ranging from boutique residential developments to master-planned communities and commercial spaces.

Commercial

Commercial construction, including the construction and maintenance of office buildings, requires systems and coatings that range from waterproofing, powder coatings, protective coatings and durable paint finishes.

Health / Aged Care

We partner with hospitals, clinics and other health and aged care providers to support construction, refurbishment and upgrade projects.

Education

From early learning centres to tertiary facilities and student accommodation, often delivered in live operational environments.

Warehouses / Industrial

Our heavy-duty products offer long-lasting protection for warehouse and industrial surfaces from tilt slab walls to concrete floors and office interiors.

Car Parks / Industrial flooring

Projects range from single-level to multi-storey sites in both indoor and outdoor settings with specific requirements including slip resistance and disabled access.

Entertainment and Recreation

Enhance and protect public spaces including swimming pools, stadiums, town squares, museums and casinos.

Government

Many and varied projects across roads, railways, bridges, airports, utilities and waste management facilities that require durable, long-lasting and high-performance protection.

Retail / Hospitality

Retail and Hospitality are significant segments in the construction industry. These segments include the design, development and maintenance of retail complexes and stores, hospitality spaces, hotels, restaurants, bars, and travel.

Transport

Commercial transport buildings are primarily used in the provision of transport services, or facilities supporting transport services. Includes car parks, airports, freight terminals, train stations and transport maintenance facilities.

Our Sustainability Commitment

Dulux® recognises that a commitment to the sustainable management of our financial, environmental and social impacts is fundamental to the success and well-being of both our business and our stakeholders.

Our business has a long history of continuous improvement in sustainability impacts. From championing industry-leading safety performance and eliminating hazardous substances from our finished products to driving significant reductions in waste to landfill and contributing to our local communities, we're focused on making a positive contribution and reducing our most significant sustainability impacts.

We aspire to deliver on our safety and sustainability vision of “A Future Without Harm”.
