# Dulux Construction Solutions

Dulux partners with architects, interior designers, builders and engineers to deliver first-class construction outcomes. Our respected range of premium products and unmatched technical expertise allows us to provide end-to-end support to the design and construction sector.

Dulux Construction Solutions helps you design and build with confidence. Created to provide specifiers with the

tools, information and guidance they need to realise their projects' potential, it lets you access all Dulux product solutions in one convenient place.

Dulux Construction Solutions is your one-stop-shop for sourcing technical advice, physical swatches and samples, and assistance with product specification or problem solving. Work with us to find the best solution for your project and achieve exceptional results.

## Government

The government construction sector includes the development and maintenance of infrastructure funded by the government and used by the public.

Government construction projects include highways, roads, railways, bridges, mass transit such as airports, courts and correctional facilities, water and waste management networks, power generation and transmission, telecommunications and hazardous waste storage.

Specific sector requirements include high-performance protective coatings for metal and concrete, anti-graffiti products, long-lasting exterior colours and anti-carbonation coatings.

## Our Solutions

Dulux has supported specifiers and contractors in the government sector across Australia and New Zealand for over 100 years. Our solutions – including specifications for tilt slab walls, metal structures, vibrant paint colours and more – are used for various government projects.

Dulux products are designed to meet the highest quality standards. Our team's extensive knowledge and segment experience allow them to provide valued support with specification writing and problem-solving.

---

### Durable products for high-traffic areas

Government buildings call for hard-wearing, long-lasting coatings designed to help reduce maintenance disruptions, minimise cracking caused by movement and withstand harsh weather conditions.

---

### Metal corrosion protection

Internal and external structural and decorative steel requires high-performance solutions that protect against the environment, including intumescent coatings where fire ratings are required.

---

### Sustainable solutions

Dulux has a long history of continuous improvement in sustainability impacts - from championing industry-leading safety performance and eliminating hazardous substances to driving significant reductions in waste to landfill and contributing to our local communities.

- Environmental Choice Licensed Products
- GreenTag™ certified products
- Low VOC Paints
- World-class manufacturing
- Environmental product declaration
- Paint Take-Back Service

---

### The role of colour

Colour can be used to enhance the visual impact of public structures, support wayfinding and delineate different areas. Dulux offers an extensive range of long-lasting colours that elevate indoor and outdoor spaces and provide outstanding protection from the elements.

---

---

## Roads and infrastructure

Our Fosroc range has proven concrete solutions for road infrastructure projects, including tunnels, bridges and freeways.

---

## Graffiti resistance

Minimising the detrimental impact of graffiti is an important requirement for government projects. Dulux offers a range of coatings designed to support graffiti removal with appropriate chemical cleaners, including single pack, 2 pack coatings and powder coating solutions.

---

# Example Areas and Products

# Our Brands

Dulux brands have been trusted for generations.

## Dulux Interior and Exterior Paints

From Wash&Wear® to Professional SteriGuard®, our high-performance paints and coatings are tailored to meet the New Zealand market's unique needs. Dulux paints offer standout results across an extensive range of more than 1000 colours from the Dulux Colours of New Zealand range.

## Dulux Powder Coatings

Dulux offers a wide range of premium powder coatings in Australia and New Zealand. Its extensive range of standard and custom architectural coating solutions are backed by extensive testing that ensures exceptional product performance and durability.

## Dulux Protective Coatings

Dulux Protective Coatings offer high-performance protection for metal and concrete assets including buildings, infrastructure, facilities, plant and equipment. Our tailor-made coatings and maintenance systems ensure your assets are effectively protected, even in the most demanding conditions.

## Dulux Avista Concrete Coatings

Dulux Avista offers professional decorative concrete solutions for new and existing concrete areas. Suitable for indoor and outdoor applications, our decorative surface products add colour, texture and patterns to driveways and concrete spaces in commercial projects.

## Dulux Acratex Coatings and Cladding

Dulux Acratex provides high-build facade coating systems for residential and commercial projects. Designed with the New Zealand built environment in mind, Dulux Acratex render coatings and external cladding solutions add style, protection and durability to diverse construction and maintenance projects.

## Specialized Construction Products

As a New Zealand-based manufacturer, Specialized has a clear understanding of the demands of tomorrow's buildings and the diverse weather conditions our buildings face. The cladding and plastering products that have been designed and developed, including several BRANZ appraised systems, provide the very best in cavity-based building envelope solutions for New Zealand conditions.

## Fosroc Construction Solutions

Fosroc delivers world-class solutions for a broad range of above or below ground construction and maintenance projects including waterproofing, concrete repair, grouts, sealants, protective coatings and industrial flooring.

### Porter's Decorative Finishes

Porter's decorative finishes combine the latest technology with traditional methods and the finest raw materials to provide a superior finish. From modern paints to lime and cement-based products and reactive metallic finishes, our proprietary tinting system creates beautifully rich and unique colours.

### Dryden Wood Oil Solutions

Dryden provides a range of premium wood oil solutions for timber. There is also a comprehensive range of specialist cleaning and coating products for a variety of applications.

### Intergrain Timber Finishes

Intergrain's High Performance Timber Finishes include a range of premium stains, oils, clear finishes and flooring clears, which are easy to apply and deliver a professional finish that preserves, protects and enhances timbers natural beauty.

### Dominator Garage Door Systems

The Dominator brand has pioneered a new standard in commercial and residential garage door systems. This standard is proudly represented in the latest range of Dominator garage doors and automatic openers. From the revolutionary Dominator automatic openers, through to the vast and ever-increasing range of garage doors, Dominator can provide the styling, security and reliable performance that all residential and commercial property owners need.

### Garador Garage Door Systems

Garador provides a wide range of garage door styles, colours and finishes for customers to select from - all smart, stylish & secure. Since 1962, Garador has been in the business of residential and commercial garage doors. With the biggest nationwide Dealer network and a dedicated transport fleet, Garador covers New Zealand and back up products with expert, reliable service that continues to stand the test of time.

### Admil Sealants and Adhesives

Admil has a range of sealants and adhesives for the construction market including 100% silicone sealants, industrial grade sealants, polyurethanes and construction sealants.

### Selleys Adhesives, Sealants and Fillers

Selleys has a specialised product range of market leading products for the trade. With a breadth of clever solutions in sealants, adhesives, fillers, paint preparation and application, household cleaning, and automotive care products. Selleys always strives to prove its slogan true, "If it's Selleys, it works."
